The logo for STEM CAMP features a 2x4 grid of colorful squares. The top row contains icons: a person with a lightbulb, a magnifying glass, gears, and mathematical symbols (+, -, ×, ÷). The bottom row contains the letters S, T, E, M in blue, red, yellow, and green respectively. To the right of this grid, the word 'CAMP' is written in large, bold, black capital letters.

STEM CAMP

Explore different branches of engineering this Summer at Newark Public Library Learn to code in binary, build circuits, make cars and build towers on Wednesdays in August from 5:30pm-6:30pm. Intended for girls 2nd-4th grade.
